About me

Ambitious and dedicated B.Tech Artificial Intelligence & Data Science graduate with a strong work ethic and a commitment to continuous improvement. Possesses excellent problem-solving, communication, and collaboration skills. Looking to begin a rewarding career where I can learn, contribute, and grow in a dynamic professional environment.

Education

Nadar Saraswathi College of Engineering & Technology
B.Tech in Artificial Intelligence & Data Science
CGPA: 7.5/10

2022 -- 2026

Intern Experience

Hazzino Tech

June -- 2024

Front-End Development Intern

Developed responsive and interactive web pages using HTML, CSS, and JavaScript. Focused on creating intuitive user interfaces, improving website performance, and maintaining code quality. Used Git for version control and collaborated effectively within a team environment.

Suraj Technologies

Feb 2026 – Apr 2026

Machine Learning Intern

Gained hands-on experience in implementing machine learning algorithms for data analysis and predictive modeling. Performed data preprocessing, feature selection, model training, and performance evaluation while following industry best practices and collaborating with team members on real-world projects.

Projects

Bank Personal Loan Prediction

Developed a machine learning model to predict personal loan acceptance using customer demographic and financial data. Performed data preprocessing, exploratory data analysis, feature engineering, and model evaluation to improve prediction accuracy. Enabled data-driven decision-making by identifying customers with a high likelihood of accepting personal loan offers.

Chennai Real Estate Price Prediction Using Machine Learning

Built a machine learning model to predict Chennai property prices using location and property features. Applied data preprocessing, feature selection, and model evaluation to improve accuracy and deliver useful price estimation insights.

Technologies

Languages: HTML, CSS, JavaScript

Machine Learning: Machine Learning, Scikit-learn, NumPy, Pandas, Matplotlib, Statistical Analysis

Databases: MySQL

Tools: Git, GitHub, Microsoft Excel
